ABOUT ME

I am a dedicated programmer and aspiring ML engineer currently pursuing a B.Tech degree in Computer Science at SRM University. My expertise lies in various programming languages, including C, C++, Python, Java, as well as web development technologies like HTML, CSS, and JavaScript. Additionally, I have a creative side, proficient in design tools such as Figma, Adobe XD, Canva, and Adobe Photoshop Lightroom CC. Along with my technical skills, I bring strong teamwork and organizational abilities. Photography is another passion of mine that fuels my creativity.

SKILL SET

Languages	:	C, C++, Python, Java
Front-End	:	HTML, CSS, JS
UI Tools	:	Figma, Adobe XD
Dev Tools	:	Visual Studio Code, Git, GitHub
Design Tools	:	Canva, Adobe Photoshop Lightroom
Dev Tools	:	Visual Studio Code, Git, GitHub
Non Technical	:	Team organization, Work Management

EDUCATION

SRM UNIVERSITY AP	Amaravati, Andhra Pradesh, India
Bachelor of Technology in Computer Science	*2021 – 2025 (Currently)*
SRI VISWA JUNIOR COLLEGE	Visakhapatnam, Andhra Pradesh, India
MPC, INTERMEDIATE	*2019 – 2021*
SIR C.V RAMAN PUBLIC SCHOOL	Amalapuram, Andhra Pradesh, India
10th Class	*2018 – 2019*

PROJECTS

Research on NLP	*Python, BERT*	Ongoing
Implementating scheduling algorithms	*HTML, CSS, JS, Concepts of OS*	View Deployment

- A website to schedule jobs according to the arrival and burst times with user choice of choosing scheduling algorithm

100% Precision Tool	*Data Structures*	Source Code

- Designed and developed a tool to calculate sum and product with 100% precision without producing approximation constant like 'e'

HOBBIES

Photography - Shooting Human Portraits, Architecture, Candid

Editing - Adobe Lightroom

Tech content research - Blogs, Youtube, Twitter

PROFESSIONAL ACTIVITIES

Member of the Photography Society, SRM University A.P - Currently

CERTIFICATIONS

- Certified Web Developer by the Vodafone Idea
- Cloud Fundementals Certification by ExcelR
- Participation at Agoda Hackathon (Codeagoda 2023)
